Notice of Hearing on Proposed Administrative Regulations

A public hearing will be conducted at 9 a.m. Thursday, November 21, in the conference room in the office of the Kansas Real Estate Commission, Three Townsite Plaza, Suite 200, 120 S.E. 6th Ave., Topeka, to consider the adoption of an amendment to regulation 86-1-11.

This 60-day notice of public hearing shall constitute a public comment period for the purpose of receiving written public comments on the proposed regulation. All interested parties may submit written comments prior to the hearing to the Kansas Real Estate Commission, Three Townsite Plaza, Suite 200, 120 S.E. 6th Ave., Topeka, 66603-3511. All interested parties will be given a reasonable opportunity to present their views orally on the adoption of the proposed regulation during the hearing. In order to give all parties an opportunity to present their views, it may be necessary to request each participant to limit any oral presentation to five minutes.

The regulation is proposed for adoption on a permanent basis. A summary of the proposed regulation and its economic impact follows.

K.A.R. 86-1-11 prescribes minimum curricula and standards for courses. For licenses renewed after January 1, 1999, brokers must have at least six mandatory hours and not more than six elective hours. Salespersons will still need at least three mandatory hours and not more than nine elective hours. The proposed amendments require schools to use a course syllabus provided by the commission and to register mandatory core courses, beginning January 1, 1997, under the titles "Required Salesperson Core" or "Required Broker Core."

The amendments do not change the number of hours required for license renewal and are not anticipated to have any additional economic impact on this agency, real estate licensees, other governmental units, private citizens or consumers.

Copies of the regulation and the economic impact statement may be obtained from the Kansas Real Estate Commission, (913) 296-3411.

Racing and Gaming Commission

Notice of Hearing on Proposed Administrative Regulations

A public hearing will be conducted at 9 a.m. Friday, November 15, in the conference room of the Kansas Racing and Gaming Commission office, 3400 S.W. Van Buren, Topeka, to consider the adoption of a proposed permanent regulation of the Kansas Racing and Gaming Commission. This 60-day notice constitutes a public comment period for the purpose of receiving written public comments on the proposed regulation.

Any individual with a disability may request accommodation in order to participate in the public hearing and may request the proposed regulation and economic impact statement in an accessible format. Requests for accommodation should be made at least five working days in advance of the hearing by contacting the secretary at the Kansas Racing and Gaming Commission, 3400 S.W. Van Buren, Topeka, 66611-2228, (913) 296-5800.

A copy of the full text of the regulation and the economic impact statement may be reviewed or obtained at the commission office. The following is a summary of the proposed amendment.

K.A.R. 112-7-18. Jockeys. The amendment to this regulation makes it mandatory for a jockey to submit to a breath, urine or blood test prior to the jockey's first mount on each race day. A jockey's blood alcohol content shall not be more than .05 percent and urine or blood tests shall not indicate the presence of any controlled substance. Any jockey in violation of this subsection may be suspended by the stewards or racing judges.

The jockey guild approved of the amendment, as did the jockeys who also offered testimony that the requirement was in their best interest for safety purposes.

Economic Impact: The fee for running drug tests is a negligible amount and is borne by the Racing and Gaming Commission. The only other economic impact as a result of this regulation change is that any jockey whose drug test indicates the presence of a controlled substance may not be entitled to jockey mount fees or purse money. Jockey mount fees range from \$16 to \$100 and possibly more if the race is a stakes race.

Notice Concerning Municipal Solid Waste Landfill Permit

The Kansas Department of Health and Environment has received and reviewed a request to vertically expand the municipal solid waste landfill located in Section 31, Township 32 South, Range 17 East in Montgomery County, which is approximately 1 mile northeast of the intersection of U.S. Highway 169 and Kansas Highway 96 near Independence. The landfill is owned and operated by Resource Recovery, Inc. The requested vertical expansion would allow the landfill to operate after October 9, 1996, in areas where waste has been previously disposed without the construction of a lined cell and allow an increase in height of the currently operating cell. KDHE is providing public notice of its intent to modify the existing municipal solid waste landfill permit for the Resource Recovery municipal solid waste landfill to allow vertical expansion for a five-year period.

A copy of the administrative record, which includes the draft amended permit, and all information regarding this permit action is available for public review through October 14 during normal business hours, 8 a.m. to 5 p.m. Monday through Friday, at:

A copy also is available at the Independence City Library during normal operating hours through October 14. The library is located at:
